

Have a safe and happy holiday weekend

We are forever grateful to our troops ... We will never forget their sacrifice.

What's the score of your carriers?

At Jetco, safety is our No. 1 priority. Our safety record shows up in our Safestat Score.

What is a Safestat Score?

SafeStat (short for Motor Carrier Safety Status Measurement System) is an automated, data-driven analysis system designed by the Federal Motor Carrier Safety Administration (FMCSA).

SafeStat combines current and historical carrier-based safety performance information to measure the relative (peer-to-peer) safety fitness of interstate commercial motor carriers and intrastate commercial motor carriers that transport hazardous materials.

This information includes federal and state data on crashes, roadside inspections, on-site compliance review results and enforcement history.

SafeStat enables FMCSA to quantify and monitor the safety status of individual motor carriers on a monthly basis, thereby focusing enforcement resources on carriers posing the greatest potential safety risk.

How do I find Safestat Scores on all of my trucking companies?

To determine the Safestat Scores for all of the companies you use for your trucking needs, just click on this link:

<http://ai.volpe.dot.gov/SafeStat/SafeStatMain.asp>

When it comes to Safestat, lower is better

Jetco Delivery's focus on safety and driver training continues to deliver exceptional results in this area. Our Safestat Score for Driver Safety Evaluation Area is **47.55** and our score for Vehicle Safety Evaluation Area is **36.57**. A score of 75 or above is considered deficient.

PROTECTING OUR CUSTOMERS

While worker's compensation insurance isn't mandatory, Jetco Delivery believes in providing customers with the protection they deserve

It's no secret that trucking carries a high degree of risk. At Jetco Delivery, we proactively manage this inherent risk through a constant commitment to hiring only the best drivers and continually improving our process.

However, we cannot prevent every accident. That's why we partner with only the best insurance carriers. Currently we have:

- \$5 million auto liability insurance
- \$1 million workman's compensation insurance
- Up to \$250,000 cargo insurance (see next page for terms and conditions)

The danger isn't just in driving either. What would happen, for example, if our employee is injured at your site or the site of your customer?

In Texas, workman's compensation insurance is not mandatory. However, it is the only statutory protection available to protect you and your customer in the event of such an occurrence.

At Jetco Delivery, we carry it because we believe that workman's compensation is essential for your protection.

Do all of your trucking companies carry workman's compensation insurance?

Jetco receives Gold Award from Great West Casualty

A commitment to safety and a focus on preventing accidents throughout the company led to Jetco Delivery's recognition with a Gold Award as part of Great West Casualty Company's 2007 National Safety Awards Program.

The National Safety Awards Program recognizes carriers in similar operations (truckload and less than truckload) with awards based on their year-end

preventable accident results. Carriers are eligible to receive a Platinum, Gold, Silver or Participatory award. This past year, the program drew more than 625 participants from across the country.

Jetco continues to foster an environment where safety is a priority in all that we do, and we believe this award is another example of our employees' dedication to safe working practices.

Recognized for Safety

Larry Miller, right, an executive with Great West Casualty, presents Jetco's safety award to Elvis Mays, who has had an accident-free driving record for more than a decade.

Jetco Delivery & Jetco Logistics

Jetco actually consists of two companies - Jetco Delivery and Jetco Logistics.

As Jetco Delivery, we operate our own fleet of trucks and trailers, including dedicated owner operator. Jetco Logistics is our brokerage company, where we arrange service on third-party trucks.

Jetco Delivery provides customized delivery and warehousing solutions with a focus on Texas, the Gulf Coast, and surrounding states. Our diverse fleet of vehicles and trailers help us make each delivery a success.

Jetco Logistics is our freight brokerage company. Using pre-qualified, third-party carriers, we find the right match for your load - on schedule and at the right cost.

With the price of fuel and other increasing costs, Jetco Logistics knows the optimum lanes for our third-party partners. Having an operating company and a freight brokerage company allows us to develop solutions that are tailored to your specific needs.

Jetco Delivery performs all billing and administrative functions for Jetco Logistics. If you ever have a question about which service is right for you, please do not hesitate to contact us.

Jetco Delivery's Standard Terms and Conditions of Service

Each of our quotes is based on information provided by the customer. Price is based on one driver per truck and dock-to-dock delivery. Unless otherwise specified, price includes 90 minutes of free time on each end for loading/unloading for tractor service, and 45 minutes of free time on each end for loading/unloading LTL (straight truck) service. Unless indicated above, the price excludes charges for detention time, per diem and additional stops.

The quoted rate depends on the value, weight and dimension of the property described. Any changes to the actual dimension, description or weight of the load will result in revisions to the quoted price. For oversize/overweight loads, the price includes all required permits and escorts as required based solely on the description provided to us at the time of issuing the quote. Additional charges apply for weekend and priority service.

Because our rates depend on the value of the property transported, shippers may be required to state, in writing, the value of their property. Jetco Delivery's rates automatically include cargo coverage of \$2.50 per pound, up to a maximum of \$100,000 per shipment. If a shipper seeks greater coverage than previously described, the shipper will declare the value to us in writing prior to shipping the cargo, and such greater coverage must be authorized in advance in writing by an officer of Jetco. Our drivers are not authorized to bind Jetco to cargo limits in excess of our stated coverage. Under no circumstances will our liability ever exceed \$250,000 per shipment.

In order for a previously quoted rate to be valid, you must refer to the quote number at the time of booking. Quoted rates are valid for 30 days, subject to fluctuations in fuel price.

Jet Acquisition Partners, L.L.C., d/b/a Jetco Delivery, Jetco Logistics, L.L.C., Jetco Leasing, L.L.C. and Jetco Holdings, L.L.C. are Texas limited liability companies, each of which (i) is solely responsible for its own debts and obligations, (ii) is not responsible for the debts and obligations of any other entity unless expressly agreed in writing, and (iii) is separate and distinct from, and not to be confused with, any other entity bearing a similar name or logo.
